PROFILE

Growth and performance marketer with a strong brand-building orientation, pursuing a Master of Global Business (Marketing) at S P Jain School of Global Management, with cross-functional experience across go-to-market, business development, and people operations in the consumer and fintech sectors. Combines data-driven SEO, paid search, and analytics with brand strategy and AI-enabled marketing, and a global lens suited to high-growth markets across the GCC and APAC.

EXPERIENCE

BUSINESS DEVELOPMENT EXECUTIVE | GLAMINE COSMETICS | NEW DELHI, INDIA | SEPTEMBER 2023 - DECEMBER 2024

Co-built an affordable D2C cosmetics brand from concept to launch for women aged 18-25, owning brand positioning, product curation, and consumer engagement. Ran market analysis and led data-informed pivots when the model did not validate - launching a corporate gifting line (10,000+ boxes across 2-3 B2B clients), then an e-marketplace for makeup artists grown via Meta Ads and Google SEO.

EXECUTIVE - HR | PAISABAZAAR (PB FINTECH) | GURUGRAM, INDIA | APRIL 2022 - AUGUST 2023

Led talent acquisition and end-to-end onboarding for a high-growth fintech across cross-functional teams. Spearheaded the redesign and automation of onboarding from manual workflows to an HCM-based solution - improving hiring efficiency by over 70% while leading a 4-member team - earning the company's Excellence Award (FY 2022-23).

PROJECTS

A Strategic Analysis of GrabFood's Food Delivery Expansion in Southeast Asia | MGB IBR Project | Oct 2025 - Feb 2026

Analysed GrabFood's Southeast Asia expansion using SWOT, PESTEL, and Porter's Five Forces alongside a primary consumer survey in SPSS, with the model explaining 68.4% of the variance in expansion performance. Identified ecosystem integration and perceived value as the strongest growth drivers and recommended an ecosystem lock-in and value-led retention strategy over discounting.

MoodMeal - Data-Driven Business Intelligence for a D2C Food-Tech Brand | Data Analytics Course Project | March 2026

Built an end-to-end analytics project for MoodMeal, a concept D2C food-tech brand, on 7,500 respondents across 15 cities - applying K-Means clustering, Apriori association mining, and Random Forest/XGBoost models to segment customers and predict purchase intent and spend. Translated the outputs into a go-to-market strategy with segment-wise pricing, bundle recommendations, and a deployable model to score new customers.

Behrouz Biryani (Rebel Foods) - Competitive Strategy for the UAE Food Delivery Market | MGB Global Immersion Project | Jul 2026 - Present

Analysing Behrouz Biryani's UAE market position across six competitors and four delivery platforms using PESTLE, CAGE, Porter's Five Forces, and mixed-method research. Developing a premium, occasion-led positioning with pricing, channel, and go-to-market recommendations.

Lahja - Multilingual AI Voice Receptionist | Entrepreneurship Pitch | Jul 2026

Pitched a multilingual AI voice receptionist for clinics that answers calls 24/7, understands language code-switching, manages appointments, and sends reminders to reduce no-shows and missed revenue.
